

# **We have a garbage crisis!**

RTC has nowhere to take its garbage and recyclable materials while the City strike is on.  
So, our policy is:

## **You bring it in, you take it home.**

- Please do not bring packaging, recyclable materials and garbage into RTC.

If you bring in anything, please take it home.

(RTC strongly encourages you to start asking stores and vendors to keep their packaging and other garbage. Can we create a consumer revolution out of the City strike?)
